### **Auto~Star Announces Star~Plus Software Solution Now Certified for HP rp5700 Point of Sale System**

MEDICINE HAT, AB. – Auto~Star Compusystems, an innovative developer of point-of-sale (POS) and head-office software solutions for retail environments, announced today that its Star~Plus POS product is certified to operate on the HP rp5700 Point of Sale System.

Running Star~Plus software on the HP rp5700 POS System helps retailers maximize their efficiency. The modular-based Star~Plus offers retailers the flexibility to grow with their business by choosing only the functionality required today, with the ability to expand with additional features later. Used in thousands of retail stores across North America, Star~Plus is ideal for high-traffic, customer-driven environments. Star~Plus is a natural complement to the exceptional stability and flexibility of the HP rp5700.

Auto~Star's Star~Plus offers a complete point-of-sale and back-office solution, including inventory control and reporting, minimizing the need for third-party applications.
